

- dependent parts working together

CS 1400

less comp skills than 80's

Java in 2 semesters

4th edition

test written is Programming

2 day

*modules & make a report for assignments
pdf

CG1400

Computer science is about using ... not the hardware computer

Software or Program

Embedded systems

are the small processors

Application vs system

like fridge computer

↓
word

↓
windows

Written in human readable

↓ compilation

Machine Code

Programming languages
have rules just
like normal language

Syntax

FOO
↓↓↓
6 15 15

↓

A=1
B=2
C=B

JRE - Java Runtime environment

JDK - Java Development Environment

Public vs. Private

Static - only one of these

void - return nothing

Homework think

CS1400

Class 3

Problems is an error - cannot compile

start with letters

// single line

can also but don't
with underscore
dollar

~~/~~ multi
line ~~/~~

Class names start w uppercase

~~/~~ java html
document ~~/~~

check style

→ 120 chars

checkstyle.org/eclipse-cs

add editor a a

check

✓ use checkstyle active
